

PSYCHOLOGIST BOARD OF WA

POLICY STATEMENT

HOLDING OF MORE THAN ONE SPECIALIST TITLE

The Board will permit a registered psychologist to register 2 specialist titles at any one time.

To maintain the two titles the psychologist must prove by declaration at annual registration renewal that at least 80% of full time working time is spent in the specialist areas.

To obtain the second specialist title, as with the first, a recognised Masters degree must be obtained. However, the practical supervision time is reduced to one year full time equivalent, as approved by the Board.

This policy effective from 1 July 1998
